# Heavy Duty Brake Hardware

for Commercial Vehicles

## Carlson Heavy Duty Brake Hardware

provides a better and more complete brake job, restoring brakes to like-new performance. Doing a complete brake job with all new hardware protects your customers' investment by eliminating premature wear and prolonging the life of their new pads. It also equals less down time and keeping your customers' fleet on the road, eliminating comebacks and increasing customer satisfaction.

## Always Replace Brake Hardware

- Reduces brake noise and heat buildup
- Minimizes brake drag to reduce premature pad wear and improve fuel mileage
- Longer pad life creating less down time, keeping your customers' fleet on the road
- Restores brake system to "like-new" performance
- Protects your customers' investment of their new pads
- Eliminates "comebacks" and increases customer satisfaction

**IT'S NOT A COMPLETE BRAKE JOB  
WITHOUT NEW BRAKE HARDWARE.**
